

Windsong Sailing Academy

Schedule of dates is subject to change. Consult Web for most current dates.

Fee: \$72 pp

Clinic Outings

Clinic outings are extensive highly focused skills and drills practice for beginner as well as seasoned sailors who desire more hands on practice in specific areas of boat handling.

Although many of these topics are also included in our regular Sailing Outing classes, it is often difficult to predict in advance which topics will be covered during regular outings due to changes in weather, lesson plans and student mix for each class. For this reason, students find that specific clinics complement their regular training as they work to perfect specific skill sets. Several clinics have Beginner (I) as well as Advanced (II) levels of instruction.

- Anchoring I/II
- Dinghy Handling
- Docking I/II
- Heave-To-Reefing
- Maneuvering I/II
- Man Overboard I/II
- Mooring
- Navigation -
Electronic, Coastal & Celestial
- Night Sail
- Sail Trim
- Spinnaker

These clinics are an excellent way to advance or maintain your skills to ensure your enjoyment and safety.

If you require specialized training in areas not mentioned above, we welcome the opportunity to customize your training.
